

Inhaler Instructional Videos for Patients

Recently there have been several new types of inhalers (12 different device types total) introduced to the market for the delivery of inhaled medications.

This document has links for videos for patient self-instruction for each device or delivery type.

How to use: Click on either **Brand** inhaler name / Links below OR copy link to your computer browser

General Instructional Videos* in Multiple Languages https://use-inhalers.com/ <i>*no Redihaler (QVAR), Respiclick, Wixela Inhub (see below)</i>		
Metered Dose Inhalers (MDI)		May be used with Spacers
Generic Ingredient	Brand	General MDI Video
Albuterol	ProAir , Proventil, Ventolin	<p>OR</p> <p>https://www.lung.org/lung-health-and-diseases/lung-disease-lookup/asthma/patient-resources-and-videos/videos/how-to-use-a-metered-dose-inhaler.html</p> <p>OR</p> <p>http://www.cdc.gov/asthma/inhaler_video/</p>
Ciclesonide	Alvesco	
Fluticasone	Flovent HFA	
Formoterol/Mometasone	Dulera	
Formoterol/Budesonide	Symbicort	
Formoterol/Glycopyrrolate	Bevespi Aerosphere	
Ipratropium	Atrovent	
Levalbuterol	Xopenex	
Mometasone	Asmanex	
Salmeterol/Fluticasone	Advair HFA	
Example:  Symbicort		
Metered Dose Inhaler (MDI) – Breath Activated		
Generic Ingredient	Brand	
Beclomethasone	QVAR RediHaler	https://www.qvar.com/redihaler/usage-cleaning 
Dry Powder Inhaler (DPI) - Diskus		
Generic Ingredient	Brand	
Fluticasone	Flovent Diskus	<p>General Diskus Video  Advair</p>
Fluticasone/Salmeterol	Advair Diskus	
Salmeterol	Serevent	
Dry Powder Inhaler (DPI) - Ellipta		
Generic Ingredient	Brand	
Fluticasone	Arnuity	<p>https://www.youtube.com/watch?v=oaXNHVKT00M  Breo Ellipta</p>
Vilanterol/Fluticasone	Breo	
Vilanterol/Umeclidinium	Anoro	
Vilanterol/Umeclidinium/Fluticasone	Trelegy	
Umeclidinium	Incruse	
Dry Powder Inhaler (DPI) - Flexhaler		
Generic Ingredient	Brand	
Budesonide	Pulmicort	http://www.pulmicortflexhaler.com/asthma-control/pulmicort-flexhaler-instructions.html
