**Additional Comments**

Some of the answers to the questions depend on decisions made from Administration

We have not started seeing patients in the office again yet and do not have an anticipated date yet. These answers are the same for both practices.

Currently following guidelines from BILH Primary Care

Right now the only ROUTINE office visits are for check ups/vaccinations for ages 19 and younger. Urgent visits are for all ages when physical examination is necessary for safe/effective treatment.

Infusion Center is open for our patient receiving I.V. Medications

Anticipate seeing all patients June 1.

Will do phone triage with PCP as necessary

Center for Healthy Aging has remained open to provide follow up care for geri behavioral health as well as urgent new behavioral health all visits via telemedicine (telephone and televideo). Geriatric medicine has remained open providing telemedicine (telephone and televideo) for follow up visits as well as initial televideo/telephone for urgent new visits.

Beverly office is closed at this time- We are scheduled to see patients in Beverly pn Thursday 6/4/20 and get back to our regular schedule.

As of 5/18, we'll begin doing physicals and non-urgent problem visits in all offices.

We are limiting companions to 1 per patient (regarding your question above; the choices offered were not accurate)

We are available and triaging patients over the phone before in office visits.

We are currently rescheduling our patients to October. When we do open we will only be seeing patients who are past due for eye problems such as glaucoma, retina disease, infections, etc. Our current patients will take

We have also reduced our patient/hour ratio to accommodate less people in the office at a time.

Endocrinology and Infectious disease are seeing patients face to face when required. Sleep services is using the telehealth only at this time.

At this time, we are only seeing patients in the office that need a physical examination.

We are currently only seeing pregnant patients. We see them at 12 weeks, 20 weeks and weekly after 36 weeks.

Certain patients are seen in the office vs telemedicine.

Will be going to more days per week sometime in June.

we are only open for OB patients and urgent gyn issues
